SUMMARY

An Information Science & Engineering student with hands-on experience in full-stack web development through self-driven projects, with a strong focus on the MERN stack. Continuously learning and applying new technologies by building real-world applications. Seeking a software engineering role to enhance professional and technical skills while contributing effectively to the growth and success of the organization.

EDUCATION

Bachelor's of Engineering - Information Science & Engineering	2022-Present	CGPA:8.6
Mangalore Institute of Technology & Engineering		
Senior Secondary (12th) - KSEEB	2020-2022	Percentage:83.5%
Secondary School (SSLC) - KSEEB	2018-2020	Percentage:87.5%

SKILLS

Languages   **:** Java, JavaScript,C Programming.
Interface   **:** HTML, CSS, Bootstrap, ShadCN UI.
Frameworks : Tailwind CSS ,React.js, Node.js,Express.js,Next.js.
Database   **:** MongoDB, PostgreSQL.
Tools   **:** VS code, GitHub, MS Office,Wordpress**.**

PROJECTS

E-commerce Website   Project Link
Technologies: MongoDB, Express.js, React.js, Node.js, Tailwind CSS
Built a full stack e-commerce website with user login, product browsing, and shopping cart. Created an admin dashboard to manage products and user accounts. Used REST APIs for backend communication and ensured a responsive design using Tailwind CSS.

AI-Based Mock Interview   Project Link
Technologies: Next.js,Drizzle ORM,Gemini AI,Clerk, Tailwind CSS
Built an AI-driven mock interview platform where users select the job role, skills, and experience level. Gemini AI generates relevant questions, captures user responses using speech-to-text, and stores data using Drizzle ORM. The system compares answers with AI-generated ideal responses and provides smart feedback and performance ratings. User authentication and session handling are managed via Clerk.

Personal Portfolio Website   Project Link
Technologies: React.js,Node.js,Express.js,MongoDB,Tailwind CSS
This project is a Personal Portfolio website to showcase my skills, work, education, experience and knowledge

INTERNSHIP

INNOBYTE SERVICES | FRONTEND DEVELOPMENT INTERN   **(1-06-2025-Preset)**
Technologies: ReactJS, Tailwind CSS.
Worked on the redesign of a guest accommodation website to improve UI/UX. Used React.js for building responsive components and Tailwind CSS for styling. Focused on creating a clean, modern layout and improving overall frontend performance and responsiveness.
